

Web Programming  
Assignment I

Aradhya Mohan

Ss CF

Roll no : 55

1. List any 5 differences between GET and post methods?

<u>GET method</u>	<u>POST method</u>
i) Carries request parameter appended in URL string; makes this method of data transferring insecure.	i) Carries request parameter in message body, makes it the secured way of transferring data.
ii) Only limited amount of data can be sent.	ii) Large amount of data can be sent.
iii) Can be bookmarked	iii) Cannot be bookmarked.
iv) Idempotent (second request will be ignored until response of first request is delivered).	iv) Non-idempotent.
v) More efficient and used more than post	v) Less efficient and used less than get.
vi) Can be cached	vi) Not be cached.

2. Design a web page for the attached output.

Rubrics ; College logo,  
College head,  
Hyperlink,  
Explanation...

Program;

```

<html>
  <head>
    <title>
      GPTC Perumbavoor
    </title>
  </head>
  <body>
    <table width=70% align=center>
      <tr>
        <td rowspan=2 align=center width=20%>
          <img src=("E:\anadhyas\project 1\image\logo2.jpg") required url width=40% height=40%>
        </td>
        <th align=left><font size=7> Govt.
          Polytechnic College, Perumbavoor </font></th>
      </tr>
      <tr>
        <th align=center><font size=5> koovappady
          PO, Ernakulam Dist., Kerala </font></th>
      </tr>
    </table>
    <br>
    <br>
    <table width=60% align=center>
      <tr>
        <td><a href=#home>Home </a></td>
        <td rowspan=15 width=12%></td>
        <td rowspan=15><p><font style="justified"
          size="4"> Government Polytechnic College,
          Perumbavoor always had stood in the forefront in
          serving the society as a technical institution providing
          quality skill education for the last 5 decades. The
          institution had contributed very much to the development

```

of the locality as most of the alumni are employed with key role in central, state and public sector establishments. The institute had contributed very much to the establishment of Perumbavoor as hub for plywood industry in the state. Established in the year 1959 as Junior Technical School and later on in 1994 upgraded to Govt. Polytechnic College under Department of Technical Education, Government of Kerala and is approved by the All India Council for Technical Education (AICTE), New Delhi. With a built up area of over 200 thousand square feet & situated in a sprawling campus of 6.93 acres, nestled among lush greenery, of Koovappady Panchayath, in the middle of Irukulam Dist. Situated at the middle of both industrial and tourist areas, the college provides a pleasant atmosphere for the students and is well connected. The infrastructure facilities are consistently being upgraded. The institution has an intake of 180 students annually in the Regular Diploma Programme in three domains

<ul>

<li> Mechanical Engineering </li>

<li> Electronics and Communication Engineering </li>

<li> Computer Engineering </li> </ul>

Various short term courses are also offered under CDP (Community Development through Polytechnics) and CE (Continuing Education)
